

modular Caseworkworks

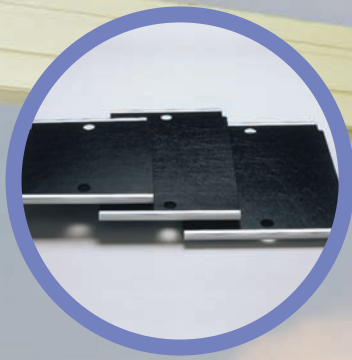

Modular/Flexible/Durable

Designed to meet your project specifications

Quality, concealed hinges are invisible from the outside of the cabinet for a smooth, uninterrupted door aesthetic.

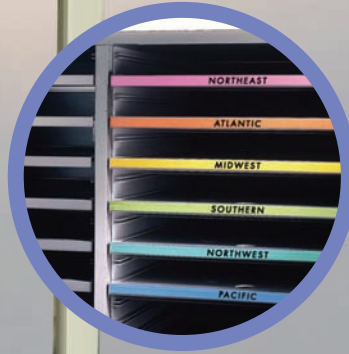

Hamilton's unique shelving systems provides shelf adjustability in 1" increments.

Shelves feature full width, color coded labeling for quick, accurate sorting.

Our easy-to-install, rail-mounted wall cabinets provide precise height and depth adjustment for clean installation and the look of custom millwork.

Leveling system assures perfect alignment of modular components.

Choose from our selection of standard handles, or we can match your custom specifications.

We seal all edges with resistant PVC for durability and no exposed edges.

Modular/Flexible/Durable . . . lifetime warranty

Hamilton's computer aided design and manufacturing (CAD/CAM) combine with the experience of our dedicated craftsmen to create the aesthetic and cost-effective solutions that assure a project's success.

All modular **Caseworks** come with a Lifetime Warranty.

SF

Modular/Flexible/Durable . . . reconfigurable and expandable
From storage lockers to bookcases and closets, modular **Caseworks'**
solutions have the look of expensive millwork, but are easily reconfigured
and expanded. Computer generated design and manufacturing specifications
are archived to insure a perfect match for future orders.

Modular/Flexible/Durable . . . organized

Our adjustable shelf and organizing modules are easily integrated with our cabinet solutions to meet the specific storage and accessibility requirements of any activity. Adjustability on 1” increments easily facilitates expansion and contraction of shelf capacity, eliminating wasted space between shelves.

Customize with modular Caseworks

For over 40 years Hamilton Sorter has set the standard of quality and value for modular organizing components and custom casework. Both our standard products, and the custom solutions developed in consultation with our Project Management Team, reflect our focused design and manufacturing expertise. Our objective is always to create the precise solution that meets a project's design and functional requirements. This Healthcare facility's custom designs, from reception desk to exam rooms, highlight our capabilities in materials that include wood veneer, solid surfacing and chemical resistant surfaces.
