

DAY USE LOCKERS

Storage for an evolving workplace.

FUNCTION & AESTHETIC

STORAGE

The way people work and learn is evolving, and along with it, the way they interact with their spaces where they work.

Designing an environment to accommodate these changes requires a human-centered approach, one that gives equal weight to function and aesthetic. Spacesaver Day Use Lockers live at this intersection, allowing your organization to adapt to the need for more convenient, flexible spaces, while blending seamlessly with your building's overall design.

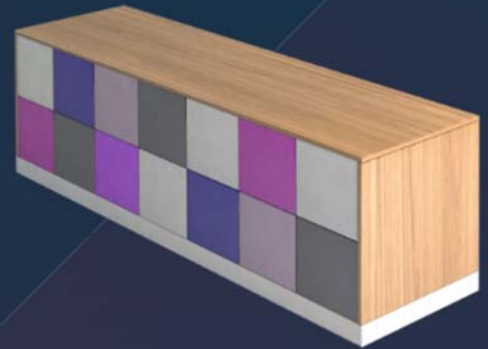

BECAUSE PRACTICAL CAN STILL BE STYLISH

Day Use Lockers are a smart, secure way to store personal items wrapped in a sleek design that can be customized with the configuration and accessories you need for your work environment.

ADAPT YOUR SPACES

Whether being used as a built-in wall, wall partition or island, Day Use Lockers serve as the building blocks to your workplace environment.

IN YOUR WORKPLACE

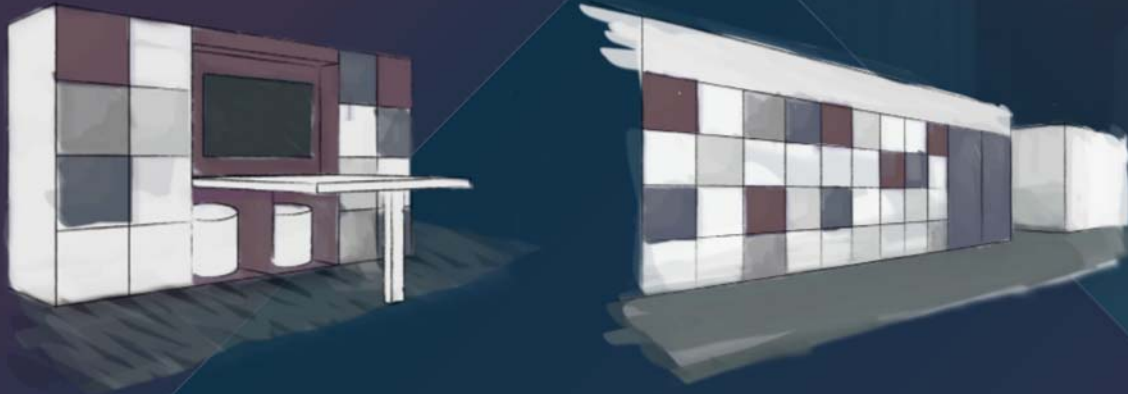

66% OF THE COMPANIES SURVEYED BY CBRE PLAN TO ADOPT A SHARED DESK STRATEGY BY 2020.

With more employees working remotely and an increased desire for alternative workstations, more companies are creating work environments with more communal space for individual and collaborative work. Day Use Lockers are a sleek alternative to personal desk/cabinet storage for stashing files, briefcases, gym bags, and office supplies in shared desk environments. Plus, they're an efficient way to make use of empty wall, island, or under-desk space.

ON YOUR CAMPUS

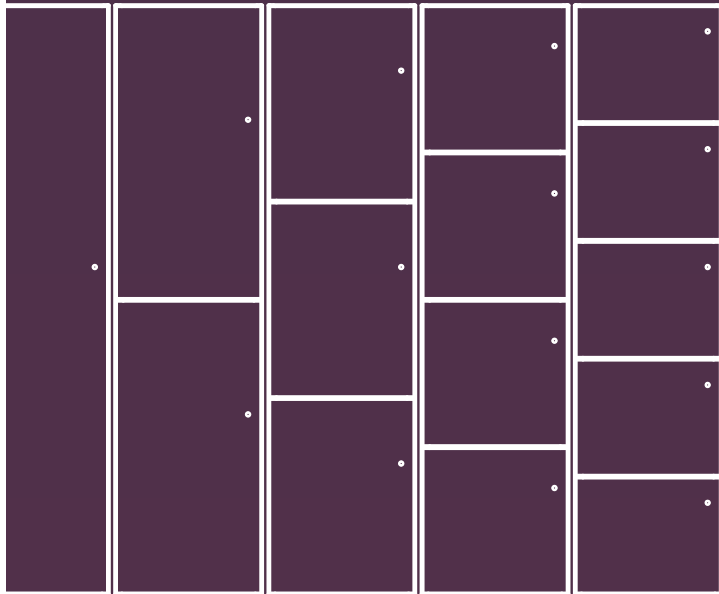

BUILDING BLOCKS TO YOUR LEARNING SPACE

When students and staff need a secure place to stow their bag while they're in a classroom, lab, hall, or gym, Day Use Lockers are the perfect solution for keeping items secure and nearby. They provide ease and peace of mind, while optional interior charging provides convenience on-the-go.

STYLES & OPTIONS

Lockers adapt to your needs and your space from the start. Here's a system that's available in a full range of sizes: with heights from 24-96 inches, depths from 12-24 inches, and widths from 12-24 inches (1" increments).

| INDIVIDUAL OPENING DIMENSIONS | LOCKER FRAMING DIMENSIONS |
|-------------------------------|---------------------------|
| H: 12" - 72" | H: 24" - 96" |
| W: 12" - 24" | W: 12" - 24" |
| D: 12" - 24" | D: 12" - 24" |
